

PETER GRAY PRODUCER

KFZR-LP RADIO

FRAZIER PARK, CA

[snowflaketrails@gmail.com](mailto:snowflaketrails@gmail.com)

<https://www.facebook.com/KFZR93.3>

KFZR-LP is developing a locally owned, independent, non-commercial, community FM radio station for the Frazier Park area in southern California to start broadcasting by the end of July 2015.

In essence, KFZR-LP wishes to empower and enrich the community by bringing people together through the medium of public radio. KFZR-LP is radio for the community, by the community.

Our mission is to broadcast under-represented music, news and views to help promote cultural and ideological diversity in the Frazier Park and Lebec area.

Our aim is to help make our community a dynamic, healthier, and more pleasant place to live through informational and cultural enrichment and entertainment.

The radio station is committed to respectful, non-partisan programming with a human perspective focusing on important local, national and global issues.

In a world where control of public media has been usurped by fewer and fewer big business interests, we will strive to provide a voice to those ignored by mainstream media.

Broadcasts will reflect values of social, economic and environmental justice, human rights, multi-culturalism, ecological sustainability, freedom of expression and positive social change.

We also intend to be an accessible venue for an eclectic mixture of inspirational arts and lifestyle programming.

KFZR-LP will strive for freshness and program excellence, both in content and technique.

#### Program Schedule for KCPK-LP

Broadcasting on FM 106.9
